

Hi! I'm Harry, a determined, enthusiastic and goal-driven designer who loves to impress.

Personal statement

I'm passionate about delivering outstanding user interface applications and strive to build strong relationships with users through innovative problem solving. My ambition is to continuously improve my abilities and repeatedly create immersive material that can be enjoyed by everyone.

Key skills

- Effective Communicator (former mentor)
- Team player (Sundial Teamscapes certified)
- Fast learner (initially self taught developer)
- Self motivating (experienced freelancer)
